

Health and Human Services Professional Development Series

The Center for
**Corporate and
Professional Education**
at Cape Cod Community College

Cape Cod Community College's (4Cs) Center for Corporate and Professional Education has collaborated with Outer Cape Health Services to help address the need for local, affordable, and accessible professional development for those in health and human services. This year-long program provides meaningful and practical training opportunities on a wide range of topics that are designed to help providers offer the best care possible and to grow in their professions.

Sessions will be held virtually on the first Wednesday afternoon and third Friday morning of each month. CEUs are pending for each stand-alone course for LMHC, LICSW, LCSW, LSW, and LSWA. Information will be provided for students who would like to apply independently for other types of CEUs.

For more information, please contact Danielle Dupuis at ddupuis@capecod.edu or call 508-375-5015.

Adverse Childhood Experiences (ACES)
